

BY THE FOUNTAIN

This morning by the fountain
While I'm thinking of him
Water was so appealing
I had to take a swim

CHOIRS : Darling I've always loved you
Never no I won't forget

Under the oldest oak tree
Dried myself with a leaf
I sit and listen softly
Nightingales sing my grief

CHOIRS : Darling I've always loved you
Never no I won't forget

Sing little bird in your nest
If your heart is so gay
My heart is filled with sadness
My love has gone astray

CHOIRS : Darling I've always loved you
Never no I won't forget

All for a silly rose
That I refused to give
I wish that this silly rose
Could bring me back to him

CHOIRS : Darling I've always loved you
Never no I won't forget

Please stop my heart from aching
And bring it back to bloom
Winter would turn to spring
I would come back to you

Darling I've always loved you
Never no I won't forget
