

IT'S RAINING SHEPHERD LADY

It's raining shepherd lady
Hurry your white little sheep
Please get them home safely
So you can put them to sleep
I hear the rain is falling
Tip tapping over the leaves
And now a storm is coming
Lightning is hitting the trees

CHOIRS : Oh can you hear the thunder
Roaring across the land
So quickly find a shelter
Lady come take my hand
I can see lights from my window
Oh say who could it be
My mother and sister Mylo
Coming this way you see

Good evening my dear mother
How are you sister tonight
I bring you lady shepherd
She will be spending the night
Come in and take this shelter
Come in and dry your feet
Soon you will all feel better
Good night sweet little sheep
