

## *PRETTY WILL YOU GO SEE THE ROSE*

Pretty will you go see the rose  
But don't forget your pretty nose  
See if she's wearing her pretty dress

Tints of pink on purple and blue  
Roses in bloom want to impress  
See how her color changes soon

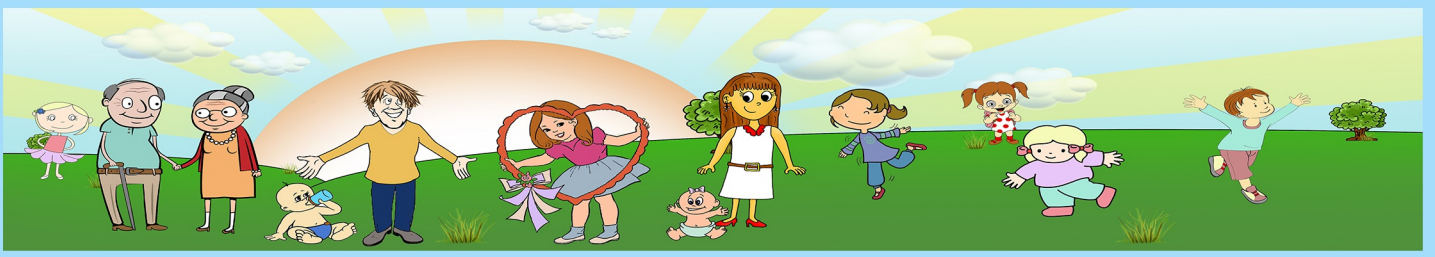

**CHOIRS :** There can you see such a little thing  
Shines all her glory when comes spring  
Look how her beauty soon will pass

Oh how cruel can be Mother Nature  
Since such a flower does not last  
She will replace her with another

So if you do believe me pretty  
You're in the prime of your beauty  
Don't let a minute go to waste

**CHOIRS :** Singing and dancing at your age  
For like this rose you can't escape

Your beauty too will come to fade
